

WARRANTY POLICY

ONE YEAR LIMITED WARRANTY

JET EQUIPMENT & TOOLS LTD. (JET®) makes every effort to ensure that STRONGARM branded products meet the highest quality and durability standards. All STRONGARM products are guaranteed to be free of defects in material and workmanship for a period of one year following the date of purchase. This warranty is extended to the original retail purchaser only.

If one of these products fail during its warranty period due to defective material or workmanship, it will be repaired or replaced at JET's discretion.

This warranty does not apply to any product showing signs of abuse, misuse, overloading, alteration, or improper maintenance. Normal wear and tear on moving parts or seals where applicable is specifically excluded from this warranty. To obtain repair or replacement, the defective product must be shipped, transportation charges prepaid, to the nearest authorized service depot with proof of purchase.

Repair or replacement is the exclusive remedy for defective equipment under this warranty. This Warranty is expressly in lieu of all other warranties, including the implied warranty of merchantability or any implied warranty of fitness for a particular application on this equipment.

JET shall not be liable for any consequential or incidental damages for breach of any expressed or implied warranty on this equipment.

WARNING

JACKS ARE FOR LIFTING VEHICLES ONLY. Support the vehicle with safety stands immediately after lifting. DO NOT attempt to move the vehicle with the jack. Use only on a hard level surface.

Auxiliary / High Stands are for accessories only and are not designed or intended to support a vehicle. Transmission Jacks are for the removal, installation and transportation of transmissions and differentials. Transmission Jacks may be used with appropriate adapters manufactured specifically for the jack to handle other components, such as rear axle units and transfer cases, within the weight limitations specified. No alteration to any of the jacks or adapters shall be made. Do not overload. Do not extract or drain caustic or flammable products with any of our lubrication equipment. Only use the device for the purpose for which it has been designed. Follow safety instructions included with product for safe use.

JET reserves the right to change appearance and specifications at any time.
